9100 PUBLIC RELATIONS

The Board of Education directs the implementation of a public relations program to foster the continuing and constructive cooperation of this school district with parent(s) or legal guardian(s), community organizations and institutions, representatives of business and industry, and other members of the community served by the school district.

The Superintendent shall consult with representatives of the community in the development of educational goals for the district, objectives and standards for the educational program, and the family life education curriculum. The Board encourages the involvement of community members in the governance of the district through advisory committees, in accordance with Policy No. 9140.

The Board respects the contributions to community life made by business, industry, labor, charitable organizations, cultural institutions, volunteer associations, and other community groups that enrich the educational potential of the community. The Superintendent shall be alert to opportunities for an educational program expanded and enriched by utilization, both within and without the school, of a diversity of community resources. A file of community resources shall be maintained in the school building.

The Board directs all district employees to acquaint residents with the work of the school; to give thoughtful and courteous consideration to all inquiries and suggestions and carefully investigate all complaints; to make parent(s) or legal guardian(s) feel welcome in the school and in the classroom; to cooperate with parent organizations and other groups of residents seeking information or offering assistance to the school; to treat all pupils with firmness, sensitivity, intelligence, and fairness so as to command their respect and enlist the cooperation of their parent(s) or legal guardian(s); and to work with others in a manner conducive to high morale and meriting the respect of the community.

Adopted: 23 October 2012

9120 PUBLIC RELATIONS PROGRAM

The Board of Education believes all reasonable means should be employed to keep the community served by the school district informed on matters of importance regarding district programs, finances, personnel, policies, and operations.

The Board will determine which of its official actions have sufficient community impact and interest to warrant special release; the Board alone will release to the news media information about those matters of importance. The Board President may release information regarding Board actions of lesser importance as they have been recorded in the minutes of the Board meetings and upon the request of media representatives. The release of all other publications, photographs, and documents depicting the accomplishments of the pupils and staff of the district shall be approved by the Superintendent or designee.

The school district will not release or publish photographs or release other personal identifying information of an individual district pupil without the prior written permission of the parent(s) or legal guardian(s) or from the adult pupil. Written permission slips for such release from each parent(s) or legal guardian(s) or adult pupil will be obtained by the Principal or designee for the pupils in their school building or by the Program Administrator for pupils in programs where a Principal is not assigned. These written permission forms shall be maintained by the Principal or Program Administrator. Group photographs may be released by the district without permission, but in no event will an individual pupil in a group photograph be identified by name and/or by other personal identifier without written permission from the parent(s) or legal guardian(s) or adult pupil.

The Superintendent shall direct an information program designed to acquaint residents of the community and the public generally with the achievements and the needs of the school. As a minimum, information shall be disseminated regarding the district's educational goals; the district's guarantee of equal educational opportunity; the district's programs for basic skills improvement, special education, bilingual education, and English as a second language; and summary reports of the administration of statewide assessment tests. Every effort shall be made to foresee and avoid problems caused by misunderstanding or lack of information.

The public information program may include the publication and distribution of a district newsletter, meetings with parent(s) or legal guardian(s) and interested residents, a presentation and interpretation of the proposed annual budget, periodically distributed calendars and notices of events, the Superintendent's annual report, and a pupil handbook, as well as the release of news and photographs of school activities for publication. Notices, publications, and other written materials may be prepared in languages other than English when necessary and appropriate for understanding.

The Board of Education adopts the following strategies to minimize the cost of public relations as defined in N.J.A.C. 6A:23A-9.3(c)14 in accordance with N.J.A.C. 6A:23A-5.2.

School district publications shall be produced and distributed in the most cost-efficient manner possible that will enable the school district to inform and educate the target community. The use of expensive materials or production techniques where lower cost methods are available and appropriate, such as the use of multi-color glossy publications instead of suitable, less expensive alternatives, is prohibited.

The school district will not distribute, via mass mailings or other means to the district community at large, publications that include the picture(s) of any members of the Board of Education within ninety days before any election in which any Board member is seeking any elective office or any election relating to school district operations held in the district. Any publication(s) distributed by the Board via mass mailings or other means to the district community at large within sixty days before any election in which any Board member is seeking any elective office or any election relating to school district operations held in the district must be submitted to the Executive County Superintendent for review prior to distribution to ensure that the public funds are being expended in a reasonable and cost-effective manner.

Public relations activities, such as booths at Statewide conferences, marketing activities and celebrations for opening the school and community events, and TV productions that are not part of the instructional program or do not provide information about district or Board operations to the public, that are excessive in nature are prohibited. All activities involving promotional efforts to advance a particular position on school elections or any referenda are prohibited.

Nothing in N.J.A.C. 6A:23A-5.2 and this Policy shall preclude the school district from accepting donations or volunteer services from community members, local private education foundations and local business owners to conduct or assist in public relations services. Examples include, but are not limited to: providing school district flyers, newsletters, or other materials containing school-related information of public concern to local businesses, public meeting places, or other local organizations to display or make available for dissemination; making school district related information of public concern available to local newspapers to publish related articles; and utilizing volunteered services of local community members, district employees, members of parent organizations or local businesses with expertise in related areas such as printing, advertising, publishing, or journalism.

POLICY

DEAL BOARD OF EDUCATION

Public Relations Program

The Board of Education will establish annually prior to budget preparation, a maximum dollar limit for public relations, as defined in N.J.A.C. 6A:23A-9.3(c)14. In the event it becomes necessary to exceed the established maximum dollar limit for public relations, the Superintendent shall recommend to the Board of Education an increase in the maximum dollar amount for public relations. Any increase in the maximum dollar amount shall require formal Board action.

N.J.A.C. 6A:23A-5.2

Adopted: 23 October 2012

9130 PUBLIC COMPLAINTS AND GRIEVANCES

Any person or group having a legitimate interest in the school may present a request, suggestion, or complaint concerning district personnel, the educational program, instructional or resource materials, or the operations of the district. The Board directs the establishment of procedures for the hearing and settlement of requests and complaints that provide a means for resolving them fairly and impartially, permit appropriate redress, and protect district personnel from unnecessary harassment.

When a Board member is confronted with an issue, he/she will withhold comment, commitment and/or opinion and refer the complaint or inquiry to the Superintendent, who shall review the complaint according to established procedures.

Only in those cases where satisfactory adjustment cannot be made by the Superintendent and the staff shall communications and complaints be referred to the Board for resolution.

Any misunderstandings or disputes between the public and school district staff should, whenever possible, be settled by direct, informal discussions among the interested parties. It is only when such informal meetings fail to resolve differences that more formal procedures shall be employed. A complaint about a school program or personnel should be addressed to the Building Principal; a complaint about instructional or resource materials should be addressed to the Superintendent.

The Superintendent shall establish procedures for the hearing of requests and complaints regarding district personnel, the educational program, instructional and resource materials, and the operation of the school district. Procedures will be governed by the following guidelines:

1. The matter will be resolved initially, wherever possible, by informal discussions between or among the interested parties.
2. A matter that cannot be resolved informally may be appealed at successive levels of authority, up to and including the Board of Education.
3. The complaint and its immediate resolution will be reduced to writing at the first and at each successive level of appeal.
4. A reasonable period of time, not to exceed three working days, will be permitted for the filing of an appeal in writing at each successive level. A decision at each level of appeal must be rendered in writing no later than seven working days after the appeal is filed, except that the Board shall have forty-five calendar days to make its decision.

5. In the case of complaints about instructional or resource materials, the initial complaint must set forth in writing the author, title, and publisher of the materials as well as those specific portions of the material or the work to which objection is taken; the complainant's familiarity with the work; the reasons for the objection; and the use of the work in the school. The Superintendent shall appoint a committee of professional staff members and community representatives to review the challenged material against the standards for the selection of resource materials established by Board policy. The committee will report its findings to the Board. No challenged material may be removed from the curriculum or from a collection of resource materials except by action of the Board of Education, and no challenged material may be removed solely because it presents ideas that may be unpopular or offensive to some. Any Board action to remove material will be accompanied by the Board's statement of its reasons for the removal.
6. A complainant shall be notified that a decision of the Board may be appealed to the Commissioner of Education.

Adopted: 23 October 2012

9140 CITIZENS ADVISORY COMMITTEES

The success of the school system depends, to a large extent, on open channels of communication between the school community and the community at large. Citizens advisory committees are particularly useful in keeping the Board of Education and the administration informed with regard to community opinion and in representing the community in the study of specific school problems.

The Board may establish advisory committees as standing committees to serve in a liaison function between the local community and the school, as permanent committees for funded programs as the law requires, and as the need arises.

In creating a new advisory committee, the Board shall appoint members of the community who are able and interested in the subject and concerned about the school; appoint members who represent a wide range of community interests and backgrounds; appoint a chairperson; and appoint one or more Board members to serve as ex officio members.

In charging a new advisory committee, the Board shall define the committee assignment in writing, set a date for a preliminary and final report, and establish a budget. Expenditures of district funds by advisory committees shall be made only upon the approval of the Superintendent.

Recommendations of an advisory committee shall not reduce the responsibility of the Board, which may accept or reject recommendations in the exercise of its statutory discretion.

Meetings of an advisory committee that are open to or attended by fewer than a majority of the members of the Board are not subject to the Open Public Meetings Act and need not be open to the public, except as expressly permitted by the Board.

9150 SCHOOL VISITORS

The Board welcomes visits to school by parent(s) or legal guardian(s), Board members, other adult residents of the community and interested educators, when they fit into the classroom or school routine. In order for the educational program to continue undisturbed when visitors are present, and to prevent the intrusion of disruptive persons into the school, the Superintendent shall devise regulations controlling visitors.

All visitors shall be required to report to the Principal's office upon entering the building.

A "visitor" is anyone other than a pupil enrolled in or a staff member employed in the particular school. Visitors may not consult with the teaching staff or pupils during class time without the Superintendent's or appointed designee's permission.

When the parental rights of a parent have been terminated by a court of appropriate jurisdiction, the legal guardian must inform the school so that the administration may apply appropriate regulations. The Superintendent shall seek confirmation of legal custodianship where necessary.

No one may visit the school during school hours for the purpose of recommending or exhibiting books, maps, etc., to staff. No person shall be allowed to deliver any address or lecture on any subject unless authorized by the Superintendent or designee.

All visitors to the school must obey regulations limiting smoking and any other regulations designed to ensure orderly operation of the school. All persons violating this policy shall be considered "disorderly persons" and subject to appropriate action.

9160 PUBLIC ATTENDANCE AT SCHOOL EVENTS

The Board of Education welcomes the attendance of members of the community at athletic and other public events held by the school and acknowledges its duty to maintain order and preserve the facilities of the district during the conduct of such events.

The Board may bar the attendance of any person at a school event whose conduct constitutes a disruption. The Board prohibits the possession and consumption of alcoholic beverages at any function sponsored by the district, and, further, prohibits wagering on school premises.

Adopted: 23 October 2012

9161 CROWD CONTROL

The Board of Education believes in order to achieve its goals for interscholastic competition, the student body and the general public attending an interscholastic event conduct themselves in such a manner as to make a positive contribution toward the educational objectives of this district.

The Board directs the Superintendent to prepare regulations for pupil and public behavior at interscholastic events and to publicly post such regulations and to devise procedures for the control of crowds.

The Board authorizes school officials to have expelled from any district event by the law enforcement officers on duty, any spectator who willfully violates the rules and regulations of the district or whose behavior jeopardizes the safe conduct of the event. Further, any spectator involved in continual violations of the rules and regulations shall be prohibited from attending further school events.

Adopted: 23 October 2012

9181 VOLUNTEER ATHLETIC COACHES AND CO-CURRICULAR ACTIVITY
ADVISORS/ASSISTANTS

The Board of Education recognizes the services of volunteer athletic coaches and co-curricular activity advisors/assistants bring unique skills to the district, enrich the athletic and co-curricular program, assist district coaching and co-curricular staff members in the performance of their duties, and enhance the relationship between the school district and the community. Therefore, the Board authorizes a program for the utilization of volunteer athletic coaches and co-curricular activity advisors/assistants in the district.

For the purposes of this Policy, “volunteer athletic coach and co-curricular activity advisor/assistant” is a person who is not paid by the Board of Education, assisting under the direct supervision of an appropriately certified or licensed school district employee, and provides assistance for the school activity.

The Principal will be responsible for the recruitment and screening of volunteer athletic coaches and co-curricular activity advisors/assistants and their assignment. The district is not obligated to utilize the proffered services of a volunteer whose abilities or interests do not serve the needs of the school district as determined by the Superintendent.

These volunteers must be persons of known character, responsibility, and integrity and must be recommended by the Superintendent and approved by the Board of Education prior to assuming any responsibilities.

The Principal will prepare and promulgate rules of conduct for volunteer athletic coaches and volunteer co-curricular activity advisors/assistants. Each volunteer athletic coach and co-curricular activity advisor/assistant will be given a copy of this Policy.

The following guidelines shall govern the service of a volunteer athletic coach and volunteer co-curricular activity advisor/assistant:

1. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants may serve only under the direction and immediate supervision of a head and/or assistant coach or activity advisor or assistant employed by the Board;
2. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants must clearly understand their duties and responsibilities and perform no services outside those duties;

3. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants serve only in a support capacity and only head or assistant coaches or activity advisors or assistants employed by the Board are responsible for the supervision and instruction provided to pupils participating in athletic programs or co-curricular activities;
4. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants shall respect the individuality, dignity and worth of each pupil;
5. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants are not permitted access to pupil records;
6. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants must exercise discretion in disclosing any confidential pupil matters the coach or activity advisor or assistant employed by the Board becomes aware of as a result of their volunteer responsibilities;
7. Volunteer athletic coaches must consult with the Principal or Head Coach regarding any matters or questions regarding their duties and responsibilities;
8. Volunteer co-curricular activity advisors/assistants must consult with the Superintendent/Principal as well as the Athletic Director regarding any matters or questions regarding their duties and responsibilities;
9. Volunteer athletic coaches and co-curricular activity advisors/assistants shall receive no financial remuneration from the Board; and
10. Volunteer athletic coaches and volunteer co-curricular activity advisors/assistants may be immediately relieved of their volunteer responsibilities, with or without cause, by the Superintendent with such action to be recommended to the Board by the Superintendent at the next Board Meeting following relief of duties.

All school volunteer athletic coaches and co-curricular activity advisors/assistants must be approved by the Board.

9190 COMMUNITY ORGANIZATIONS

The Board of Education respects the contributions to community life made by business, industry, labor, charitable organizations, cultural institutions, volunteer associations and other community groups that enrich the educational potential of the community.

The Board directs the Superintendent to be alert to the opportunities for an educational program expanded and enriched by utilization, both within and without the school district, of a diversity of community resources.

The Superintendent shall establish an advisory committee of resource persons and representatives of business, industry, and community organizations to assist him/her in utilization of community resources in the instructional program and in the more effective and efficient operation of the district.

Adopted: 23 October 2012

9200 COOPERATION BETWEEN PARENTS AND SCHOOL

The Board of Education believes that the education of children is a joint responsibility that the Board shares with the parent(s) or legal guardian(s) of pupils. To ensure that the best interests of the child are served in this process, a strong program of communication between home and school must be maintained.

It is the position of the Board that parent(s) or legal guardian(s) bear the ultimate responsibility for their children's in-school behavior, including the behavior of pupils who have reached the legal age of majority, but are still for all practical purposes under parental authority.

The Board directs that cooperation be encouraged by parent-teacher conferences that permit two-way communication between home and school; open houses in the district school that provide parent(s) or legal guardian(s) with the opportunity to see the school facilities, meet the faculty, and observe the program on a first hand basis; meetings of staff members and groups of the parent(s) or legal guardian(s) of those pupils having special abilities, needs, or problems; and special events of a cultural, ethnic, or topical nature, which are initiated by parent groups, involve the cooperative effort of pupils and parent(s) or legal guardian(s), and are of general interest to the school or community.

Adopted: 23 October 2012

9210 PARENT ORGANIZATIONS

The Board of Education will encourage and support organizations of parent(s) or legal guardian(s) whose objectives are to promote the educational interests of district pupils.

No parent organization may organize pupils or sponsor school activities or solicit moneys in the name of this school district or of any school in the district without the prior approval of the Board. Such approval must be sought by written application to the Superintendent.

Representatives of recognized parent organizations shall be treated by district employees as interested friends of the school and as supporters of public education in the school district.

The Board relies upon parent organizations to operate in a manner consistent with public expectations for the school and reserves the right to withdraw recognition from any parent organization whose actions are inimical to the interests of the pupils of this district.

Adopted: 23 October 2012

9230 PARENTAL RESPONSIBILITIES

A cooperative relationship between home and school is essential to each pupil's successful development and achievement. To achieve this mutually supportive and productive relationship, parent(s) or legal guardian(s) are urged:

1. To show an enthusiastic and supportive attitude toward school and education;
2. To build a good working relationship between themselves and their child;
3. To teach their child self-respect, respect for the law, respect for others and for public property;
4. To insist on prompt and regular attendance;
5. To listen to the views and observations of all parties concerned;
6. To recognize that teachers merit the same consideration and respect that parent(s) or legal guardian(s) expect from their child;
7. To encourage their child to take pride in his/her appearance;
8. To insist that their child promptly bring home all communications from school;
9. To cooperate with the school in jointly resolving any school related problem;
10. To set realistic standards of behavior for their child and resolve to remain firm and consistent;
11. To help their child learn to deal effectively with negative peer pressure;
12. To provide a place conducive for study and completion of homework assignments;
13. To demonstrate desirable standards of behavior through personal example;
14. To foster a feeling of pride in their child for their school; and
15. To provide support and positive reinforcement to their child.

Parent(s) or legal guardian(s) should be aware that they are responsible for any financial obligations incurred by their child in school. This includes lost books, damage to property, etc.

Adopted: 23 October 2012

9240 RIGHTS OF PARENTS

The Board of Education recognizes that the parent(s) or legal guardian(s) of each child are ultimately responsible for the care and custody of that child, and that both parent(s) or legal guardian(s) share that responsibility equally. The Board recognizes as well that, where only one parent has legal custody of a child, the rights and responsibilities of the other parent may be limited. The Board believes that the interests of the child are best served by the continuing involvement of both parents in the child's life and well-being.

The Board will presume that each natural or adoptive parent(s) or legal guardian(s) of a pupil enrolled in this district possesses full parental rights of access to the pupil and to information about the pupil, notwithstanding any separation of the parent(s) or legal guardian(s) or dissolution of their marriage. Accordingly, and in the absence of notice to the contrary, the Board directs that school administrators accommodate the needs of both parent(s) or legal guardian(s) for access to their child, to their child's teachers, and to information about their child.

Every parent, except as prohibited by federal and state law, shall have access to records and information pertaining to his/her unemancipated child, including, but not limited to, medical, dental, insurance, child care and educational records, whether or not the child resides with the parent, unless that access is found by the court to be not in the best interest of the child or the access is found by the court to be sought for the purpose of causing detriment to the other parent.

The place of residence of either parent shall not appear on any records or information released pursuant to the provisions of this section.

A child's parent(s), guardian(s) or legal custodian(s) may petition the court to have a parent's access to the records limited. If the court, after a hearing, finds that the parent's access to the record is not in the best interest of the child or that the access sought is for the purpose of causing detriment to the other parent, the court may order that access to the records be limited. Proper notice of court action consists of the custodial parent's sworn affidavit or certification supported by a copy of the pertinent portion of a legal agreement or court order that awards custody and establishes the rights and limitation of the noncustodial parent or terminates the parental rights of the noncustodial parent.

Nothing in this policy shall be construed as limiting in any way the rights of the noncustodial parent whose parental rights have not been terminated to full access to his/her child's records.

9242 USE OF ELECTRONIC SIGNATURES

The New Jersey Uniform Electronic Transactions Act (UETA) authorizes a Board of Education to use electronic forms, filings, and signatures to conduct official business with the public. The use of electronic forms, filings, and signatures may save school district resources and will provide a convenient and cost-efficient option for parents to receive, review, and acknowledge receipt of information from the school district. Therefore, the Board of Education authorizes the use of electronic forms, filings, and signatures in communications between the school district and parents pursuant to the UETA.

For the purposes of this Policy, “electronic” means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities.

For the purposes of this Policy, “electronic record” means a record created, generated, sent, communicated, received, or stored by electronic means.

For the purposes of this Policy, “electronic signature” means an electronic sound, symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.

For the purposes of this Policy, “information processing system” means an electronic system for creating, generating, sending, receiving, storing, displaying, or processing information.

The school district may electronically send documents to parents of students enrolled in the school district. These documents may include, but are not limited to: informational notices; school or school related events or activities; periodic updates on a student’s progress; school district forms; requests for information; and any other communications between the school district and home. Some documents electronically sent to parents may require the parent to: acknowledge receipt of a document; provide parental consent for such matters as student compliance with the district’s acceptable use of school district computers and administration of surveys; and/or acknowledge receipt and acceptance of terms of a Board of Education policy, regulation, or practice. Any document sent to parents of students enrolled in the school district must be capable of retention by the recipient. To be capable of retention, the recipient at the time of receipt, must be able to retain and accurately reproduce the document for later reference by all persons who are entitled to retain the record. A record is not capable of retention by the recipient if the sender of its information processing system inhibits the ability of the recipient to print or store the electronic record.

The Board of Education authorizes documents may be electronically sent to parents of students enrolled in the school district only with the approval of the Superintendent of Schools. The Superintendent shall establish an information processing system to include a process for parents to electronically send, sign, and return documents to the school district. The school district shall make accommodations for a parent who is unable or unwilling to conduct business electronically. In addition, a parent may refuse to conduct business electronically for any reason and at any time. In this event, the school district shall make available a hard copy of the document(s) to the parent to review, maintain, and any document(s) requiring signatures to be returned to the district. The Superintendent will only implement an information processing system in accordance with the provisions of the UETA.

Documents that are electronically signed and returned to the school district may be maintained by the school district in electronic or non-electronic form. Documents returned to the district that are not electronically signed shall be maintained by the district in non-electronic form. However, nothing shall prevent the school district from converting a non-electronic document to an electronic document and for such document to be stored in electronic form. All electronic or non-electronic documents returned to the school district shall be maintained by the school district in accordance with the New Jersey Department of the Treasury - Records Management Services - Records Retention Schedules and in accordance with N.J.S.A. 12A:12-12.

N.J.S.A. 12A:12-1 et seq.

9260 PARENTAL LIABILITY FOR VANDALISM

The school property held in trust by this Board of Education represents a substantial investment of the taxpayers of the school district; liability for the willful and malicious destruction of that property should be borne by those directly and indirectly responsible.

The Board further believes that parent(s) or legal guardian(s) are ultimately responsible for the supervision and discipline of pupils and that the knowledge that they are vicariously liable for the acts of their children and wards will encourage parent(s) or legal guardian(s) to exercise that responsibility more vigorously.

Where any property, real or personal, owned by this Board has been willfully and maliciously damaged by any minor, whether or not the person is enrolled in this district, the Board shall bring civil action against the parent(s) or legal guardian(s) having legal custody and control of the person at the time the damage was caused, for the full amount of the damage.

N.J.S.A. 18A:37-3

Adopted: 23 October 2012

9270 HOME SCHOOLING AND EQUIVALENT EDUCATION
OUTSIDE THE SCHOOL

The Board of Education encourages the enrollment of all children of school age resident in the district in public schools or in approved private schools so that they may enjoy the benefits of a well-planned educational program and the socialization possible in a group environment.

Every parent, legal guardian or other person having custody and control of a child between the ages of six and sixteen years shall cause such child regularly to attend the public school or a day school in which there is given instruction equivalent to that provided in the public schools for children of similar grades and attainments or to receive equivalent instruction elsewhere than at school. The Board recognizes its responsibility for assuring that every child of school age resident in the district is enrolled in a public or private school or is offered an equivalent thorough and efficient education elsewhere than at school. The Board acknowledges that a parent, guardian, or other person having custody and control of a child has a constitutional right to choose the type and character of education they feel is best suited for their child(ren), be it secular or sectarian. Home schooling is an option and when chosen this option will be carried out in the pupil's home rather than the school.

In the event the Superintendent determines there is credible evidence the parent, legal guardian, or other person having custody and control of a school-aged child is not causing the child to receive equivalent instruction elsewhere than at school, the Superintendent may request a letter of intent from the parent, legal guardian, or other person confirming the child is receiving equivalent instruction elsewhere than at school. The Superintendent may report to the appropriate municipal authorities children whom he/she has reason to believe are not receiving an education in accordance with N.J.S.A. 18A:38-25. The New Jersey Department of Education encourages the parent, legal guardian, or other person having custody and control of a school-aged child to notify the Superintendent of the intent to educate the child elsewhere than at school to avoid questions with respect to compliance with the compulsory education laws.

The parent or legal guardian or other person having custody and control of a child between the ages of six and sixteen, who fails to comply with any of the compulsory education provisions of N.J.S.A. 18A:38 et seq. relating to his/her duties, shall be deemed to be a disorderly person and shall be subject to a fine.

If a child seeks admission to this school district from a program of home schooling, the school district will evaluate the work of the child to determine his/her appropriate grade placement. The Superintendent or designee will objectively evaluate the child's skill and achievement levels, as it would with any transfer pupil, before making a determination as to the acceptability of credits and/or the appropriate grade level placement.

When children are home schooled and are not enrolled in a school, the school district is not required to provide any of the entitlements or privileges of pupils enrolled in the school district unless an entitlement or privilege is specifically provided in Board Policy or required by Federal law, or State statute or administrative code. The school district's curriculum and other public record information will be provided to the parent, legal guardian, or other person having custody and control of a child upon request in accordance with the Open Public Records Act and Policy and Regulation 8310.

A child educated at home shall not receive a State endorsed high school diploma from the Board of Education.

Adopted: 23 October 2012

9280 PARENT CONFERENCES

The Board of Education endorses the parent-teacher conference as an effective means of permitting parent(s) or legal guardian(s) and teachers to share information about pupils and the educational program in a constructive setting.

The Superintendent is directed to schedule parent-teacher conferences at such times as will permit the maximum attendance of parent(s) or legal guardian(s), including working parent(s) or legal guardian(s); to encourage the participation of parent(s) or legal guardian(s); and to provide in-service training to teachers to assist them in making most effective use of the conference.

The Board believes that the information exchanged in parent-teacher conferences can be of great importance to the pupil's ability to profit educationally; such conferences are, therefore, an essential part of the instructional program and an integral part of a teacher's professional responsibility. Accordingly, all teachers are required to attend the parent conferences scheduled for the children assigned to them. A teacher's failure to observe this policy may be cause for discipline.

The Board regards parent-teacher conferences as non-adversarial meetings in which all persons present are united in a common interest in the educational well-being of the pupil. The parent(s) or legal guardian(s) of the pupil may bring to the conference additional persons who share that interest and wish to aid the parent(s) or legal guardian(s) and the teacher. When a parent(s) or legal guardian(s) desires the representation of legal counsel at the conference, however, the Board may wish to be similarly represented. Accordingly, the parent(s) or legal guardian(s) who plans to bring legal counsel to a parent-teacher conference shall notify the school Principal of that intention no later than five working days in advance of the conference in order that the Superintendent may secure such legal representation as he/she may deem advisable.

The purposes of the parent-teacher conference are best served when all persons present share freely and candidly their knowledge of the pupil's educational progress and information relating to that progress. Any person present may make and preserve notes, for his/her benefit, of the information shared and may, if permitted, make a tape recording of the conference as an aid to memory or to share with an absent parent or legal guardian. Because the presence of the tape recorder may act to impede the free exchange necessary to an effective conference, however, either the parent(s) or legal guardian(s) or the teacher may refuse the other's request that a tape recorder be used.

9320 COOPERATION WITH LAW ENFORCEMENT AGENCIES

The Board adopts Policy and Regulation 9320 in accordance with N.J.A.C. 6A:16-6.1 et seq. to ensure cooperation between school staff and law enforcement officials in all matters relating to the unlawful possession, distribution and disposition of controlled dangerous substances, as defined in N.J.S.A. 24:21-2, including anabolic steroids, drug paraphernalia, alcoholic beverages and/or firearms as defined in subsection f. of N.J.S.A. 2C:39-1.(f); and other deadly weapons as defined in N.J.S.A. 2C:39-1.(r) and in the planning and conduct of law enforcement activities and operations occurring on school property, including arrest procedures and undercover school operations. 9324 SEX OFFENDER REGISTRATION AND NOTIFICATION

The Board of Education and administration will comply with the guidelines developed by the New Jersey Attorney General's Office and will work cooperatively with the County Prosecutor's Office and the Deal Police Department regarding the requirements of N.J.S.A. 2C:7-1 et seq. (Megan's Law).

The Megan's Law notification statute applies to all sex offenders who are required to register pursuant to N.J.S.A. 2C:7-1 et seq. The offenses requiring registration by persons convicted, an adjudicated delinquent or a person acquitted by reason of insanity are as indicated in New Jersey Statutes Annotated.

Definitions

- A. Tier One offenders encompass those that are a "low risk of re-offense", thus constituting a low risk of harm to the community. This offender is one who, because of the type of crime, the lack of violence in his/her behavior, the lack of a substantial criminal history and the existence of ties to the community presents no more than a possible risk of re-offense.
- B. Tier Two offenders encompass those who are a "moderate risk of re-offense", thus constituting a moderate risk of harm to the community in that the pertinent documents demonstrate that they are reasonably likely to re-offend, warranting limited notice for the protection of the public.
- C. Tier Three offenders encompass those who are a "high risk of re-offense" in that the available record demonstrates that there is a probable risk of re-offense, warranting notice to the community likely to encounter the offender.

The County Prosecutors Office determines the specific schools, community organizations and residences to receive notification.

The School District is automatically included on the notification list and is not required to register to be notified under Tier Two or Tier Three notifications. Where the risk of re-offense is determined by the County Prosecutor's Office to be moderate or high in accordance with the law, the County Prosecutor's Office and/or the appropriate law enforcement office will notify the Superintendent and the Principal of the targeted school(s). The Superintendent should not notify the target school(s), but may contact the Prosecutor's Office if the Superintendent thinks that a

school in the notification area has been inadvertently omitted. The school district is entitled to receive the offender's name and a recent photograph, along with a physical description, the offense of which he/she was convicted, their address, place of employment and/or schooling, and vehicle license number.

The Board of Education shall take appropriate steps to educate and alert those staff members who are charged with the care and supervision of children, emphasizing that this information is intended to assist such staff members in the protection of their charges, not to provide notification to the community at large. All sex offender notification information to the community must be released by the appropriate law enforcement agency or the County Prosecutor's Office. The school district and/or any school staff member shall keep all sex offender notification information confidential. In the event the school district is notified a pupil is a Tier One or Two sex offender, the school district will cooperate with the local law enforcement and the County Prosecutor's Office on community notification consistent with the law and guidelines of the New Jersey Attorney General's Office.

The County Prosecutor's Office will be asked to provide guidance to the school district staff members. The Board of Education, working in conjunction with the County Prosecutor's Office and/or a local law enforcement office, will hold meetings and other educational programs at a particular school for staff regarding the safeguarding of the school district's children. There will be a strong emphasis on providing pertinent information, constructive knowledge and guidance to the community, as well as advice concerning the consequences of vigilante activity.

The Building Principal notified by the Prosecutor's Office will have the discretion to make the determination as to which employees within the school should be informed of the notification. The Building Principal should share the notice with any person who in the course of the duties of his/her employment or assignment is regularly in a position to observe unauthorized persons in or near the property of the notified school. If any persons to be notified by the Building Principal are employees of private contractors, the Principal or the Superintendent will notify the private vendor who will provide notice to the employees. The Principal shall only notify school appropriate district staff of Tier Two or Tier Three notifications and not to provide notification to the community at large. Guidance to the school district in providing this information to staff members will be obtainable from the County Prosecutor's Office.

Photographs, video or digital images of disabled children shall not be disseminated or used in print or media in any way if they are identified as disabled unless permission is granted by the parent(s) or legal guardian(s). Photographs, video or digital images of children placed in the district by DYFS shall not be published without the permission of the Division case worker. Where the release of a photograph may violate the privacy of a pupil or staff member, the Superintendent or designee must first secure the written permission of the staff member or the pupil's parent(s) or legal guardian(s).

9500 COOPERATION WITH EDUCATIONAL AGENCIES

The Board of Education recognizes the need for communication between this district and other districts and educational institutions that provide programs, training, and services not otherwise available to children residing in this district.

The Board acknowledges the responsibility for the education and conduct of the pupil in the school district in which he/she is enrolled.

The Board will attempt to meet periodically with the governing boards of other educational institutions that receive from this district a significant number of pupils or that send to this district a significant number of pupils.

In order to maintain a cordial and constructive relationship with all sending and receiving districts, the Superintendent shall provide annually a complete description of all programs available to pupils of the sending or constituent district; institute an articulation council to coordinate the program of studies between this district and those districts sending pupils here; provide an orientation program for incoming pupils; assure that unusual traits of individual pupils entering this district have been made known to the staff members that can be of most assistance to such pupils; and inform the sending district of any serious discipline problems encountered with pupils from that district.

In order to maintain cordial and constructive relationships with nonpublic schools, the Superintendent shall maintain liaison with the administration of all nonpublic schools located within this school district in order to be aware of any program changes that may be planned that could affect this district; determine how this district can advance the education of resident pupils attending parochial or private schools by the provision in this school of special programs; and cooperate fully in the implementation of all state and federal programs administered by this district that benefit, in whole or in part, eligible pupils attending such nonpublic school.

The Board will expend public funds only in the discharge of its responsibility to provide a thorough and efficient education for pupils of this district, either through programs offered in this district or by payment of tuition for pupils assigned by the Board to programs outside this district. No public funds may be spent to reimburse tuition costs for pupils privately enrolled in a public or private program of education elsewhere and no donations of public funds shall be made to any private program.
